## Backdrop

As we all know that Vedas are the divine revelation in the form of hymns and mantras passed on to generation orally. It provides timeless wisdom on holistic living, ethics and self-discovery; guides cosmic understanding; serves as a root of Indian culture and encourages a balanced and purposeful life. The internal block of all Vedas viz. Upanishads are philosophical culmination of their respective Vedas marking a shift from ritualistic to spiritual and philosophical thinking. Thus, they both not only provide a spiritual and ethical framework for ancient Indian society but also offers wisdom on life, the universe and the mankind.
