### **About TLC:**

The Teaching Learning Centre (TLC) of Shri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapeetha (Deemed to be University), New Delhi was established in the component of Centres of Excellence for Curriculum and Pedagogy under **Pandit Madan Mohan Malaviya National Mission on Teachers & Teaching (PMMMNTT) scheme of MHRD, Govt. of India**. This scheme was launched with an intent to improve quality in educational development at all stages of education. The vision of the established TLC is to prepare Teachers, Teacher Educators and Researchers for empowering them to address the needs for designing, implementing and evaluating teaching-learning systems in the field of language education especially Sanskrit. **The centre has been identified in the list of 30 new centres (II<sup>nd</sup> phase) for conducting one month mandatory Faculty Induction Programme (FIP) and also notified as National Resource Centre (NRC) for ARPIT-2018 & 2019 courses in the discipline Sanskrit by MHRD.**

### **Backdrop:**

The emerging wider educational context of a culture of open knowledge, open source, free sharing & peer collaboration culture has given rise to the movement of Open Education Resources (OERs) which are the educational materials in public domain with an open license. They play a major role in providing affordable material to students & teachers, allow faculty to create customized material and enhance their own work. The nature of these materials means that anyone can legally & freely copy, use, adapt, modify & reshare them. Thus, the development of these e-resources becomes pertinent for e-teaching & learning as well as for teaching in flipped & blended forms. In this backdrop, 05 days national workshop is organized with an intent to familiarize and to develop various types of e-resources for teaching, learning & assessment.

### **Objectives:**

The objectives of this workshop are:

- to acquaint with the concept of OERs & Creative Commons (CC) licensing.
- to develop competencies for developing various types of e-resources.
- to give opportunity for creating various e-resources.
- to give insight in the process of developing various types of e-resources.

## Target Group:

- Language teachers especially of English, Hindi & Sanskrit.
