May, 2003

Dear Prof. Upadhyaya,

This is in continuation to my letter of even number dated 26th June, 2002 about the visit of the X Plan Visiting Committee to your university. I am grateful to you for the cooperation extended to the UGC Expert Committee and for furnishing the information required by the Committees.

I am pleased to inform you that the visits of almost all the Committees are over and UGC has finalized the X Plan allocation for the universities based on the recommendations of the Visiting Committees and the availability of funds. This time, the Committee has done a detailed exercise whereby apart from the total allocation, the distribution of the allocated amount to various Departments and for Central facilities has also been indicated. The X Plan allocation for your university along with the detailed breakup is given in the enclosed statement. This allocation is under the head Development Assistance to the Universities as provided in Sector-I in the document entitled X Plan of UGC.

The statement also gives the observations of the Visiting Committees about the university and suggestions for further improvement.

You are requested to ensure that the actual allocation is in strict compliance of the detailed allocation given in the enclosed statement. It may please be noted that any spill over of the IX Plan towards development assistance to the universities and colleges shall be taken as the first charge on the X Plan and shall not be over and above the X Plan allocation.

As informed earlier, one-third of this allocation shall be released based on the performance of the university during the IX Plan. The X Plan Visiting Committees have collected data with regard to preparation of development radars for each university separately for academic performance, research performance and performance in governing the university. The development radars are under preparation and based on the radars, a performance score for each university would be worked out. The performance score would determine the extent of performance related grant to be actually released to the university. These radars would be available on the internet and you are free to see the performance radars of any university. You can also improve upon your performance over the Plan period. The UGC would be undertaking a mid-term review and would re-evaluate the performance score of each university at the end of the third year of the X Plan. Any improvement in the performance score would lead to enhancement in the performance related grant to the universities.

Contd...2/

: 2 :

The UGC is separately finalizing the guidelines for the schemes to be operated in the X Plan. These guidelines as and when finalized are being posted on the UGC website www.ugc.ac.in. I would advise you to browse the UGC website regularly to keep yourself abreast of the latest X Plan guidelines finalized by the UGC. Based on these guidelines, you can apply to the UGC for assistance under that scheme.

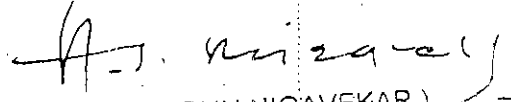

It has been decided that all the schemes implemented by the UGC from X Plan onwards shall end with the Plan period i.e. any proposal approved in the later part of the Plan shall be implemented only for the remaining period of the Plan in order to ensure that no committed liability of the schemes gets carried forward to the subsequent Plan. This will ensure that the next Plan is not adversely affected for starting new innovation in higher education.

Keeping in view the Disability Act, 1995, you are also advised that out of the posts approved for the X Plan, at least one post shall be reserved for physically disabled persons. You are once again requested to ensure that 3% of the posts are reserved for physically disabled persons.

In the end, I would request you to ensure that the utilization of grants received by the university shall be submitted to the UGC in time to enable smooth management of funds and to avoid unnecessary audit objections.

With regards,

Yours sincerely,

(ARUN NIGAVEKAR)

D. Academic Recommendations

The working of the university is in general commendable. The teaching faculty is academically sound and is actively engaged in imparting knowledge. The students also are actively participating in the processing of learning. Supporting theoretical knowledge with practical observations and experimentations with the use of observatory and similar other devices is one of the distinct features of education in this university. The publications of the university also represent the substantial research activity going on in the campus. Lack of space for conducting classes is one of the major problems faced by the teachers in this university. The academic block under construction can, however, solve the problem to some extent. The less number of girls' students in the university appears to be due to absence of a Girl's Hostel. The lack of modern educational technology on the campus is one of the main obstacles in the academic progress of the university.

Members of the Karya Parishad examined thoroughly the representation made by the M.P., the reply sent by the Vidyapeetha to the Ministry and the procedure followed for the selection of Professors by the Vidyapeetha. They were satisfied about the procedure followed by the Vidyapeetha for appointment to the two existing vacant posts of Professors and accordingly resolved that they were unable to accommodate the suggestion of one of the members, Joint Secretary (Languages) of the Ministry, for deferring decision on this item. Dr. G. Panda, therefore, requested that his note of dissent be recorded on behalf of the Joint Secretary (Languages)..

The Karya Parishad further resolved to approve the appointment of following two persons to the existing vacant posts of Professors in Sahitya and Jyotish in the pay scale of Rs.4500-7300 as recommended by the Selection Committee in its meeting held on 1st December, 1993-

University Grants Commission

Report of the Committee constituted by the UGC to discuss IX Plan development assistance for Sri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapith.

1. Name of the Vidyapith : Shri Lal Bahadur Shastri Rashtriya Sanskrit Vidyapith, New Delhi.
2. Place of Meeting : Office of the University Grants Commission, New Delhi
3. Date of Meeting : 27th January, 1998.
4. List of Participants : Annexure -I
5. Opening remarks of the Chairperson of the Committee :

Prof. N.C.Mathur, Vice-Chairperson, UGC chaired the meeting and welcomed the members of the Committee, Vice-Chancellor and his colleagues from the Vidyapith. He apprised them about the fund position of the Commission based on the release of grants by the Ministry of HRD. He explained the rationale behind the exercise, which the UGC undertook to decide the quantum of allocation of each University. He mentioned that the UGC has received a limited grant from the Government of India. The UGC very well understand that the allocation of Rs.1.25 crore made to the Vidyapith do not match with the actual needs of development of Vidyapith.. He however, hoped that if the UGC gets any additional amount from the Ministry of Human Resource Development, subsequently, it would then be possible to enhance the allocation of the Universities accordingly. It was suggested that while calculating the staff salary, pay scales approved by the 5th Pay Commission / Rastogi Committee may be kept in view.

He further stated that while 2/3 of the present allocation would be made available to the Universities, the remaining 1/3 would depend upon the performance of the Universities. Therefore, in case of Universities whose performance is not upto the mark may not be entitled for the full quantum of 1/3 amount. This may result in some marginal savings, which could then be reallocated to the Universities.

6). Presentation by Vice-Chancellor or Vidyapith :

The Vice-chancellor thanked the Vice-Chairperson and all other members of the committee who visited the Vidyapith and given its report. He expressed his unhappiness over the meager allocation of Rs. 1.25 crores made to the Vidyapith. He informed that the amount of Rs. 60.00 lakhs, allocated by Ministry of Human Resource Development in the last Five Year Plan has not been taken into account while making the allocation for the 9th Plan. The total allocation made during 8th Plan by the Ministry of Human Resource Development and UGC was Rs. 1.35 crore. As such the amount of Rs. 1.25 crores allocated for the 9th Plan would be inadequate for the Vidyapith. Vice-Chancellor further stated that Vidyapith is having total Sanskrit dedicated programme and needs to open some new departments such as Vishishta Advetta and Mimansa etc. As such UGC may reconsider the allocation looking into the previous allocation made by the M/HRD and UGC. The Vice-Chairman, UGC agreed to reconsider the allocation and advised the Vidyapith to send detailed proposal with full justification.

7) MAJOR OBSERVATIONS OF THE MEMBERS OF THE VISITING COMMITTEE.

The Committee was happy to note that the overall performance of the university is quite good. It was observed that in the VIII Plan, after the university was included as a deemed University, no additional teaching post was sanctioned by the UGC. Therefore, this deficit may be compensated with while considering their additional needs of teachers. Jyotish is one of the strong departments of the Vidyapith. Therefore, the UGC should consider favorably the request of this Department for the Special Assistance Programme. The teaching departments are presently housed in the Administrative Block. The Vidyapith should have a separate academic block for the teaching faculties. The usage of the Library is not upto the mark and the Vidyapith may take immediate corrective measures.

8:

RECOMMENDATIONS:

The Institute was requested to send the revised IX Plan proposal for Rs. 1.25 crores separately for 2/3 and 1/3 keeping in view the priorities of the University and report of the IX Plan Visiting Committee. The calculation for staff salary may be made at the mid point of replacement scales of pay recommended by the Rastogi Committee / Fifth Central Pay Commission.
